Profile

Front-end developer with passion for creating visually appealing and user-friendly web applications. Experienced in JavaScript HTML and CSS, proficient in utilizing various frameworks and libraries like Vue, Vuex, React Native and Astro. Committed to delivering high-quality code and constantly staying updated with industry trends. Why i don't have the skills at 100%? I think always we have something more to learn

Professional Experience

03/2020 – 06/2023   MATARÓ
Front-end developer
Andy
- Developed and implemented responsive web designs using Vue Framework, HTML, CSS, and JavaScript, used vuex for state management.
- Collaborated with cross-functional teams to translate wireframes and UI/UX designs into pixel-perfect, interactive web applications, ensuring seamless integration with back-end systems.
- Optimized website performance by conducting code reviews with the product owner, identifying and fixing bugs, and implementing performance enhancements like time loading and less weight of the app.
- Development of a mobile-first approach, ensuring websites were fully responsive and accessible across multiple devices.
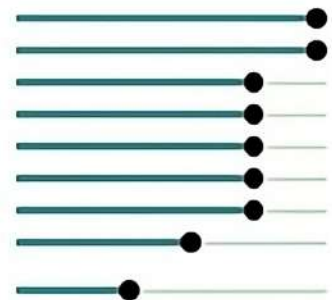

11/2018 – 03/2020
Junior FullStack developer
NTT DATA
- Designed and developed responsive web applications using HTML, CSS, and JavaScript, resulting in improved user experience and increased customer satisfaction.
- Use of Java server Pages for backend and MySQL for the API.
